

### **Report on Guest Lectures Organized by the Department of Orthopedics**

The Department of Orthopedics, Vedantaa Institute of Medical Sciences, organized two insightful guest lectures on 9th December 2025 at 10:30 am in the College Auditorium.

The program commenced with a formal inauguration and lamp lighting ceremony, graciously conducted by the Dean Dr. Daksha G Amonkar along with the Medical Superintendent, Dr. Mane, and the Head of the Department of Orthopedics, Dr. Padmakar Shinde.

Following the inauguration, the dignitaries warmly welcomed the esteemed guest speakers:

- Dr. Vatsal Parmar, Spine Surgeon, Valsad
- Dr. Nirlepsinh Thakor, Joint Replacement Surgeon, Valsad

The academic session began with an excellent and enlightening lecture delivered by Dr. Vatsal Parmar on the topic "TB Spine." His presentation was highly informative and provided valuable clinical insights for the audience.

This was followed by a very informative session by Dr. Nirlepsinh Thakor on "MRI of the Knee and Shoulder." The lecture was well-structured and enhanced the understanding of musculoskeletal imaging among the attendees.

The event witnessed an impressive participation from the Postgraduate students and faculty members of the Orthopaedics Department. Additionally, the final year MBBS students of Vedantaa Medical College also attended the lectures, contributing to an engaging academic environment.

The program concluded with a felicitation ceremony, during which both guest speakers were honored with mementos presented by Dr. Padmakar Shinde, Head of the Department of Orthopedics, as a token of appreciation for their valuable contributions.

Overall, the guest lecture program proved to be academically enriching and was highly appreciated by all the participants.
